

Improving lives together

CAMHS Acute Service

Pegasus Ward,
Cygnets Hospital Sheffield,
Yorkshire & Humber

Good

Accepting
Referrals

Pegasus Ward is a 13 bed general adolescent acute service, providing support for young people, both male and female, and is focused on helping them return home. The service is dedicated to helping young people maintain their school placements, if possible, and admissions can be either formal or informal.

There is a diverse educational programme in place, so that young people can continue their education at the same time as receiving treatment. Education is provided by our Phoenix School which was rated outstanding in all areas by Ofsted in 2024.

We offer a rapid response system, and aim to respond to referral requests within an hour of receiving appropriate clinical information. Referrals are accepted from all over the UK, many of which are emergency admissions.

Pegasus Ward has full multi-disciplinary team (MDT) input including a specialist doctor, psychologist, social worker, occupational therapist and educational support from full-time teachers and educational support staff.

In December 2022 Pegasus Ward became CAMHeleon accredited. CAMHeleon celebrates and promotes best practice and the things that really make a positive difference to young inpatients, identifying small changes that have a big impact.

Mixed

12-18 years

13 beds

Our service user profile:

- > Males and females aged 12-18 years

- > May have a forensic history

"Support staff and nurses were angels shining the light and providing excellent care for my son. They were very approachable, showing consideration and understanding of parents' views to help put our minds at ease. Being a person who had lost faith in mental health services - Cygnets restored this as I have my son back with a new found hope." **Parent**

Our facilities:
