

Improving lives together

CAMHS Acute Service

Pegasus Ward,
Cygnets Hospital Sheffield,
Yorkshire & Humber

Good

Accepting
Referrals

Pegasus Ward is a 13 bed acute service, providing support for young people, both male and female, and is focused on helping them return home. The service is dedicated to helping young people maintain their school placements, and admissions can be either formal or informal.

There is a diverse educational programme in place, so that young people can continue their education at the same time as receiving treatment. Education is provided by our Phoenix School which was rated outstanding in all areas by Ofsted in 2024.

We offer a rapid response system, and aim to respond to referral requests within an hour of receiving appropriate clinical information. Referrals are accepted from all over the UK, many of which are emergency admissions.

Pegasus Ward has full multi-disciplinary team (MDT) input including a specialist doctor, psychologist, social worker, occupational therapist and educational support from full-time teachers and educational support staff.

Pegasus Ward is CAMHeleon accredited. CAMHeleon celebrates and promotes best practice and the things that really make a positive difference to young inpatients, identifying small changes that have a big impact.

Mixed

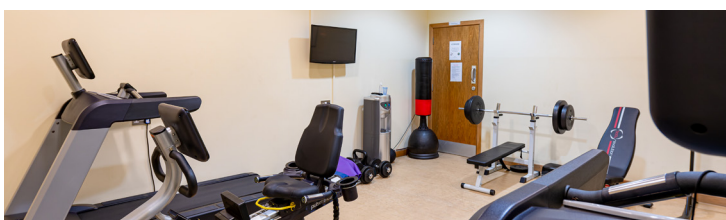

12-18 years

13 beds

Our average length of stay in 2025 was **9 weeks**

*based on discharges between Jan - Nov

Bespoke packages of care for young people who may struggle within a busy ward environment

"There will never be enough 'thank you's' in the world to thank you for what you have done for me. I came in as a very ill young lady with no will to live, years of being let down by services and people. I write this today, full of life and goals for the future. I'm alive because you listened and saw me, a young girl that didn't understand herself." - **Young person**

Full Multi-disciplinary Team (MDT) input including

- > Consultant Psychiatrist
