

Improving lives together

CAMHS PICU

Buttercup & Primrose Wards,
Cygnets Bury Forestwood, North West

Good

Buttercup and Primrose Wards are CAMHS PICUs for young people aged 12-18 with severe mental illness. The services focus on working with individuals to understand their mental health, their risks and support their recovery.

The aim is to successfully discharge young people to a less restrictive environment, whilst reducing the possibility of relapse and likelihood of requiring a secure service in the future. Buttercup and Primrose Wards provide robust care and support for young people displaying significant levels of challenging behaviour.

We offer a rapid response system and aim to respond to referral requests within an hour of receiving adequate clinical information. The wards have full Multi-disciplinary Team (MDT) input including a consultant psychiatrist, clinical psychologist, occupational therapist, nurses, healthcare assistant, social workers, family therapist and speech and language therapist.

Mixed
gender

12-18 years

16 beds
across
2 wards
