

Improving lives together

Highly Specialised Personality Disorder Service

Cygnets Aspen Clinic, Doncaster

Good

**Beds available
Now taking
referrals**

Cygnets Aspen Clinic is a specialist service for women with a diagnosis of personality disorder and associated complex needs. We provide assessment, stabilisation, treatment and rehabilitation for up to 16 women.

Women in our care may have complex trauma histories or have experienced regular placement breakdowns. At Cygnets Aspen Clinic we provide a collaborative, multi-disciplinary approach to care and treatment, with a focus on recovery and co-production with the people we support.

"I appreciate all you are doing to help me. Thank you for helping me feel safe again after years of instability and trauma." Service user

Female

18+ years

16 beds

- > May have a forensic history
- > May have a history of substance misuse or dependency
- > May have experienced regular placement breakdowns

Our approach - a modular treatment pathway

We operate an integrated modular approach to treatment for women with a diagnosis of personality disorder, accounting for diagnostic differences, NICE guidelines and the work of Livesley (2004).

The Psychology team at Aspen Clinic offer a range of evidence based psychological assessments and therapies which are tailored to the individual's specific needs. Our priority is to empower women to feel safe enough to trust and engage in the work. Importantly, we promote service user's choice to engage with us.

Therapeutic approaches and assessments

Our therapeutic interventions are tailored based on comprehensive psychological formulations undertaken on admission. The interventions we use include:

- > Dialectical Behaviour Therapy (DBT)
- > Trauma-focused Cognitive Behavioural Therapy (TF-CBT)
- > Compassion-focused Therapy (CFT)
- > Trauma based Therapy
- > Eye Movement Desensitisation and Reprocessing (EMDR)
- > Structured Clinical Interview for PD (SCID-5-PD)
- > Millon Clinical Multiaxial Inventory (MCMI)
- > Difficulties in Emotion Regulation Scale (DERS)
- > Beck Anxiety Inventory (BAI), Beck Depression Inventory (BDI), Beck Hopelessness Scale (BHS)
- > The Awareness of Social Inference Test (TASIT)
- > Chart of Interpersonal Reactions in Closed Living Environments (CIRCLE)
- > Aspects of Identity Questionnaire (AIQ)
- > Warwick-Edinburgh Mental Well-being Scale (WEMWBS)
- > Model of Human Occupation Screening Tool (MOHOST)
- > Assessment of Communication and Interaction Skills (ACIS)
