

Improving lives together

Highly Specialised Personality Disorder Service

Cygnet Alders Clinic,
Gloucestershire

Good

Now taking referrals

Cygnet Alders Clinic is a highly specialised personality disorder service for women with personality disorders and complex needs. Cygnet Alders Clinic is on the Welsh Hospital Framework with specialist service status.

At Cygnet Alders Clinic we provide a specialist psychologically informed personality disorder pathway across three living areas; Severn, for assessment and stabilisation; Avon, where service users move as they engage and progress with their treatment pathway; and Coln, which focuses on transitioning to the community.

We have a substantive Multi-disciplinary Team (MDT) comprising of a Hospital Manager, Clinical Manager, Head of Psychology, Head of Occupational Therapy, Ward Managers, Psychotherapist, Art Therapist, Psychology Assistant, Occupational Therapist (OT), OT Assistant, Activity Co-ordinator, Specialty Doctor, RMN Nurses, Senior Support Workers and Support Workers. We work closely with the local community and primary care.

We promote physical health, wellbeing and meaningful occupation as part of our treatment programme, using strong community links to facilitate individualised wellbeing plans.

Female

18+ years

20 beds
in 3 wards

Part of the
Welsh Hospital
Framework

Our service user profile:

- > Women, aged 18+ years
- > Complex mental health needs, behaviours that challenge and emotional instability which may be characterised by a diagnosis of personality disorder or history of complex trauma
- > May be detained under the Mental Health Act
- > May have a history of substance misuse
- > May have experienced regular placement breakdowns
- > Sustained relational and social functioning problems
- > Forensic or non-forensic history
- > Capacity to engage
- > May have associated Autism diagnosis

Our approach

We adopt an integrated modular approach to treatment for women with a diagnosis of personality disorder, accounting for diagnostic differences and NICE guidelines.

With a focus on interpersonal relationships, we use individual formulation to deliver a personalised and integrated combination of psychotherapeutic and pharmacological interventions.

Our aim is to address the core features of personality disorder: emotional regulation, interpersonal functioning, and self-identity and to prepare the women in our care for a transition to life back in the community.

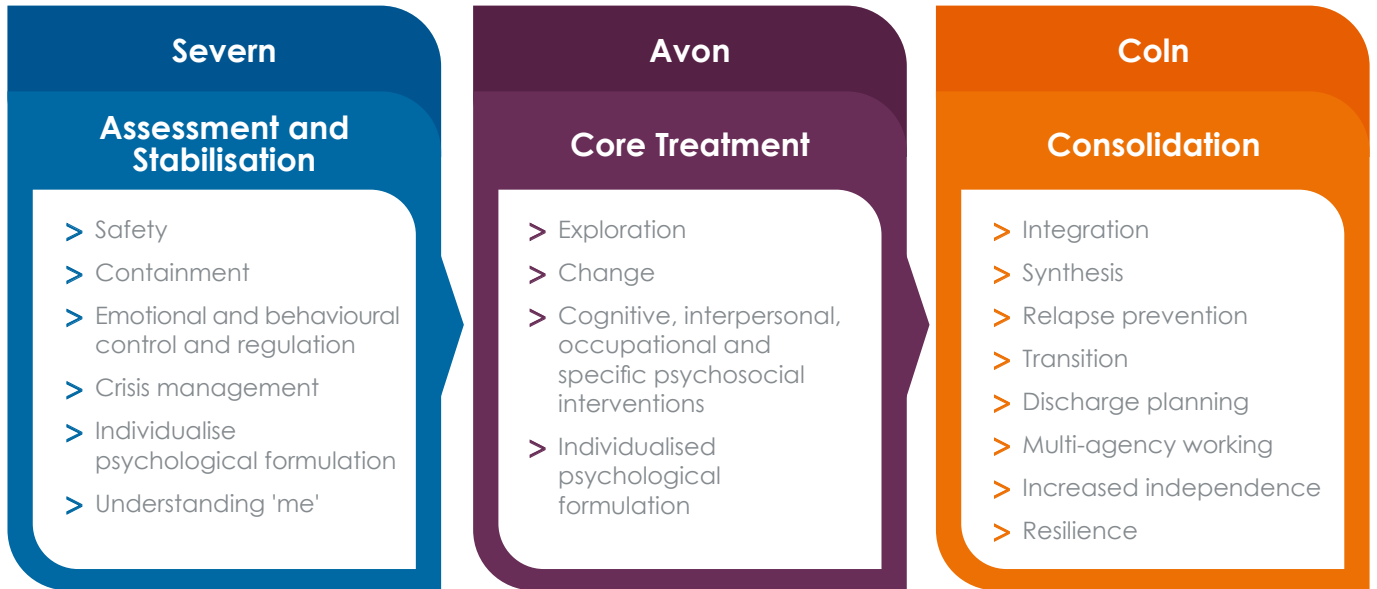

Therapies may include:

- > Dialectical Behaviour Therapy (DBT) Informed Approach
- > Schema Focused Therapy (SFT)
- > Eye Movement Desensitisation and Reprocessing (EMDR)
- > Ongoing Psychological Formulation
- > Person-centred Experiential Therapy
- > Art psychotherapy
- > Cognitive Behavioural Therapy (CBT)

Our Pathway

Cygnets Alders Clinic is located in the heart of the community, close to Gloucester City Centre and Cheltenham

Service users are able to access further education at Gloucester College
