

Improving lives together

Specialist PICU for Men

**Bearsted Ward,
Cygnet Hospital Maidstone, Kent**

Accepting referrals

Bearsted Ward is our 15 bed male PICU at Cygnet Hospital Maidstone which accepts emergency and crisis admissions. Referrals will come to us from all areas, including acute and prison services. Our aim is a short, rapid intervention to help service users regain a sense of control and order in their lives, so they can move to a less restrictive care setting and ultimately return home.

The service provides expert, intensive, short-term, individualised care for service users detained under the Mental Health Act. Service users will present with increased risks that require them to be assessed and treated in a PICU environment.

Male

18+ years

15 beds

Our service user profile:
