Living at Hope House

Hope House is a residential service where you get support from specially trained support staff.

18+

We can give you support if:

- you are a man or woman
- you are 18 years or older
- you have a learning disability
- you have mental health problems that means you get really stressed or unhappy

Your friends and family can visit you at Hope House.

You will have your own room.

You will have your own bathroom or shower room too.

You will not have to share your bathroom or shower room with anyone else.

Each apartment at Hope House has:

a bedroom

a private lounge

a kitchen

a dining area

a bathroom

access to a shared garden

Food and drink

You can eat breakfast, lunch and dinner at Hope House.

You can get snacks and drinks too.

We will support you with developing independent living skills such as shopping and cooking for yourself.

If you need special food you can get that too.

This could be things like:

Vegetarian food
with no meat

Diabetic food with
less sugar

Kosher or halal food

Healthy food
with less fat

Things to do...

The staff will help you plan activities and things for you to do.

We will help you to plan out your budget for activities for the week.

You will get the support you need to:

- make choices
- try new things
- do as much for yourself as you can

You can do activities like this:

- gardening

- college

- life skills like washing your clothes and cleaning

- keeping healthy

- cooking and baking

- art classes

The staff will help you keep safe when you are out and about.

You can do activities like this:

- bowling

- cinema

- swimming

- shopping

You can also do these things when you want to:

- listen to music

- watch tv

- read

- phone your friends and family

People who support you

The people who support you at Hope House have good training and will help you.

The staff are here to support you all day and all night.

You will have a named nurse and named key worker. These people will know you really well.

The staff can help arrange appointments for you.

You can also get support from these people if you need to:

- occupational therapist

- speech therapist

- psychiatrist

- psychologist

Your occupational therapist helps you to be more independent.

This could be things like:

- getting dressed

- getting out and about

- making your own food

Your speech therapist helps you to communicate.

This could be through:

- talking

- using pictures or symbols

- signing

Your speech therapist helps you with your eating and drinking.

Your psychiatrist is a doctor who helps you with mental health problems.

Your psychologist helps you feel better through talking.

They can help if you:

- worry a lot

- get angry a lot

- feel sad a lot

They will listen to you and give advice on how to make things better.

What happens before you come here

If your social worker thinks you should come to live at Hope House they will tell us.

This is called a referral.

We want to make sure that Hope House is right for you.

You can come and visit Hope House for a day to see if you like it.

You can try the food.

You can meet:

- the people who live here
- the people who will support you

What happens when you come here

We will help you do a person centred care plan.

Someone will spend time with you.

Together we will find out what is important to you. This will help us plan support that is just right for you.

We have integrated care pathways. This means that everyone involved with your support works well together.

We have meetings and share information to find the best ways to support you.

We keep any information about you private.

We will only show the information to the people we need to.

Twice a year we will have a meeting with you and these people:

- your mum and dad or family

- your social worker

- people who support you at Hope House

We will make sure you are getting the right support.

We will help if you need to see:

- a dentist about your teeth

- an optician about your eyes

- a doctor or a GP

- anyone else about your health

If you want to smoke you must go outside.

If you want to stop smoking we can help you.

Supporting your independence

What does supporting your independence mean?

- supporting you to live the life you want

- having control of your life and being part of all choices

- being part of where you live

- having opportunities to do things like everyone else

- being treated with respect

We support you to:

- take part in your community

- go shopping

- keep in touch with friends and make new friends

- see your family

Paying for your support

Cygnnet gets money to pay for you to live at Hope House.

The money we get pays for these things:

- your food and drink

- people to support you

- heating

- lights

- shampoo, soap and other things you need to keep clean

- washing your clothes

- things to do every day

Paying for other things

You have to use your own money to pay for these things:

- clothes

- cigarettes

- newspapers

- books

- getting your hair cut

- extra activities you want to do

We will help you to keep your money safe.

If you want us to we can also look after your money until you need it.

Your right to complain

We want you to tell us about anything you are unhappy about at Hope House.

This is called **complaining**.

We will try to sort it out.

Complaining helps us to make things better.

Having your say

We have a resident meeting every week at Hope House.

You can tell us what you think about Hope House.

You can help interview new staff if you would like to.

You can help to plan trips and activities.

You can talk to an advocate too.

Advocates are people who help you have your say about what you need and what you want.

You can complain about anything about Hope House.

This could be:

- people who support you

- your room

- things you do during the day

- food and drink

You can make a complaint to the staff that support you or you can phone the CQC to complain.

The phone number is:

03000 616161

The CQC are people who make sure you are supported properly.
