

Our Specialist Pathway for Deaf Men with Mental Health Needs

Our Services

Bridge Hampton – Cygnets Bury Dunes, Lancashire
Low Secure Service

1 Vincent Court, Blackburn, North West
Community Residential Service

Our Approach

- > Our teams work in collaboration to provide person-centred care that sees each persons unique barriers, potential and goals
- > Our fully inclusive environment ensures everyone can:
 - Express themselves
 - Be understood
 - Feel accepted
- > We support people from all over the UK, including those with:
 - Regional BSL dialects
 - Home signs

Our Community

We are well-connected with local deaf clubs, fostering positive connections and a sense of community.

Our in-house interpreting team are highly skilled, providing training and support to the wider team including British Sign Language (BSL) training.

We are proud to have a staff team of which over one third are deaf, including members of our Multidisciplinary Team (MDT).

We have a strong relationship with the local audiology team, based just a few miles away, who are able to maintain and fix hearing aids or cochlear implants.

Developing successful discharge packages for complex cases, involving DoLs and Conditional Discharge frameworks.

Our Outcomes

100% discharge success since 2023.

80% returned home or supported living with 20% moving to a specialist rehabilitation service.

25% reduction in average length of stay over the last 3 years.*

2x increase in discharge rates - 2025 vs. 2020
