Compton Ward at Cygnnet Nield House is our 15 bed female mental health acute service. The service provides a safe and stabilising environment for women who are experiencing an acute episode of mental illness and require an emergency admission.

The ethos of our service is about assessing and treating people in the least restrictive environment and planning for discharge in a robust and timely fashion. With a focus on stabilisation, we support individuals to manage their mental health, reinforce daily living skills and prepare for independent life back in the community.

Our team works closely and collaboratively with service users, their families and the referrer to provide a seamless pathway from referral to discharge. Our approach is recovery focused and supported by a comprehensive multi-disciplinary team, contributing to shorter lengths of stay

93% of women we support are able to step down along their care pathway
