Specialist PICU for Women

Castle Ward,
Cygnnet Hospital Godden Green, Kent

Accepting
referrals

Castle Ward is our 13 bed female PICU at Cygnnet Hospital Godden Green which accepts emergency and crisis admissions. Referrals come to us from all areas, including acute and prison services. Our aim is a short, rapid intervention to help individuals to regain a sense of control and order in their lives, so they can move to a less restrictive care setting and ultimately return home.

The service provides expert, intensive, short-term, individualised care for women detained under the Mental Health Act. Service users will present with increased risks that require them to be assessed and treated in a PICU environment.
