High Support Inpatient Rehabilitation (Level 2) Service for Men

Marlowe Ward
Cygnet Lodge Woking, Surrey

Marlowe Ward at Cygnet Lodge Woking offers a High Support Inpatient Rehabilitation (Level 2) Service for men. Our recovery programme is delivered in a culture that balances risk management with therapeutic optimism, where men have the opportunity to learn and practice the skills they will need in a completely safe environment.

Male

18+ years

12 beds

- > May have secondary diagnoses of mild learning disability, autism spectrum disorder or personality disorder
- > May have a forensic history and/or be stepping down from secure services
- > May have a history of repeated acute admissions

Our service at a glance

Marlowe Ward is a 12 bed service that delivers high-quality care within a community atmosphere, while focusing on discharge planning from the moment service users arrive. Individuals often come to us following multiple placement breakdowns, failed treatment programmes or they may be stepping down from secure settings. Our aim is to understand, stabilise and break the traumatic cycles of relapse that can impact an individual's life.

Service users have access to a range of therapies and opportunities and care plans are individualised. The local community is an essential step along the pathway to independence, for both leisure pursuits and for social training such as shopping and using public transport. External activities are tailored to individual needs and wishes.

Cygnet Lodge Woking also includes Milligan House, an eight bed service that is an annexe to the main building, offering a dual-model of care and step down pathway for both Level 1 and Level 2 patients. Milligan House allows Marlowe Ward to provide a care pathway for service users as they reach a level of increased stability.
