Improving lives together

Cygnnet Hospital Oldbury

> PICU & Acute Hospital for Women, in West Midlands

Introduction

Cygnets Hospital Oldbury is our new state-of-the-art PICU & Acute hospital for women, in the West Midlands. The service will be opening in mid-2024.

The service will feature two wards. Rosa Ward, a 12 bed PICU and Emmeline Ward, a 15 bed Acute ward. Cygnets Hospital Oldbury will have a full multi-disciplinary team (MDT) and will support the acute needs of women requiring rapid access to mental health services, including those who may need an intensive care environment.

We're focused on length of stay and making sure individuals move as quickly and safely as possible from our services to the most appropriate and least restrictive environment for them. Individuals can step down through the pathways available within Cygnets services.

Referrals can come to us from all areas, including other acute services and prison services.

Rosa Ward PICU

Opening Mid 2024

Female

18+ Years

12 beds

Our new 12 bed female PICU will accept emergency and crisis admissions. Referrals will come to us from all areas, including acute and prison services. Our aim is a short, rapid intervention to help individuals regain a sense of control and order in their lives, so they can move to a less restrictive care setting and ultimately return home.

Rosa Ward will provide expert, intensive, short-term, individualised care for women detained under the Mental Health Act.

Individuals will present with increased risks that require them to be assessed and treated in an intensive care environment.

Emmeline Ward Acute

Opening Mid 2024

Female

18+ Years

15 beds

Our new 15 bed female emergency acute inpatient service will provide a safe and stabilising environment for individuals who are experiencing an acute episode of mental illness and require an emergency admission.

The ethos of Emmeline Ward is to assess and treat women in the least restrictive environment and planning for discharge in a robust and timely fashion. With a focus on stabilisation, we support individuals to manage their mental health, reinforce daily living skills and prepare for independent life back in the community.

Our team work closely and collaboratively with individuals, their families and the referrer to provide a seamless pathway from referral to discharge. Our approach is recovery focused and supported by a comprehensive multi-disciplinary team, contributing to shorter lengths of stay.

Our service user profile:

- > Women, aged 18+ years
- > Detained under the Mental Health Act or informal
- > Experiencing difficulties that present a risk to the well-being of themselves or others that cannot be treated in an open environment
