

NEW service,  
opening  
Mid-2024

*Improving lives together*

# Cygnet Hospital Wolverhampton

> PICU & Acute Hospital for Men, in West Midlands

## Introduction

**Cygnets Hospital Wolverhampton is our new state-of-the-art PICU & Acute hospital for men, in the West Midlands. The service will be opening in mid-2024.**

The service will feature two wards. Carter Ward, a 12 bed PICU and Shaw Ward, a 17 bed Acute ward. Cygnets Hospital Wolverhampton will have a full multi-disciplinary team (MDT) and will support the acute needs of adults requiring rapid access to mental health services, including those who may need an intensive care environment.

We're focused on length of stay and making sure individuals move as quickly and safely as possible from our services to the most appropriate and least restrictive environment for them. Individuals can step down through the pathways available within Cygnets services.

Referrals can come to us from all areas, including other acute services and prison services.

## Carter Ward PICU

Opening July 2024

Male

18+ Years

12 beds

Carter Ward is our new 12 bed male PICU and will accept emergency and crisis admissions. Referrals will come to us from all areas, including acute and prison services. Our aim is a short, rapid intervention to help individuals regain a sense of control and order in their lives, so they can move to a less restrictive care setting and ultimately return home.

The service will provide expert, intensive, short-term, individualised care for service users detained under the Mental Health Act.

Service users will present with increased risks that require them to be assessed and treated in a PICU environment.

## Shaw Ward Acute

Opening July 2024

Male

18+ Years

17 beds

This new 17 bed male emergency acute inpatient service will provide a safe and stabilising environment for individuals who are experiencing an acute episode of mental illness and require an emergency admission.

The aim on Shaw Ward is to assess and treat individuals in the least restrictive environment and planning for discharge in a robust and timely fashion. With a focus on stabilisation, we support individuals to manage their mental health, reinforce daily living skills and prepare for independent life back in the community.

Our team work closely and collaboratively with service users, their families and the referrer to provide a seamless pathway from referral to discharge. Our approach is recovery focused and supported by a comprehensive multi-disciplinary team, contributing to shorter lengths of stay.

### Our service user profile:

- > Men, aged 18+ years
- > Detained under the Mental Health Act
- > Experiencing difficulties that present a risk to the well-being of themselves or others that cannot be treated in an open environment
- > Diagnoses may include:
  - Acute mental illness
  - Acute depressive illness
  - Psychosis
  - Schizophrenia
  - Bi-polar disorder
  - Personality disorder
  - Dual diagnosis
- > May present with co-morbid presentations:
  - Self-harm
  - Substance misuse issues
  - Complex needs

## Our Referral Process:

- 1 Referral made to Cygnet referrals team via 0808 164 4450 / [chcl.referrals@nhs.net](mailto:chcl.referrals@nhs.net)
- 2 Feedback provided on whether our services can meet the **service user's needs within 1 hour** of receipt of full clinical information
- 3 **Admission agreed and arranged** with referring team following confirmation of funding

We are able to take referrals 24 hours a day, 7 days a week. To make a referral please call 0808 164 4450 / email [chcl.referrals@nhs.net](mailto:chcl.referrals@nhs.net)
