Now Accepting Referrals

Pattison Ward is our 12 bed male PICU at Cygnets Hospital Stevenage, accepting emergency and crisis admissions. Referrals come to us from all areas, including acute and prison services. Our aim is a short, rapid intervention to help service users regain a sense of control and order in their lives, so they can move to a less restrictive care setting and ultimately return home.

The service provides expert, intensive, short-term, individualised care for those detained under the Mental Health Act. Service users will present with increased risks that require them to be assessed and treated in a PICU environment.

"Thank you for your level of care with our Son. We have never felt more secure in the level of treatment for his condition. I would recommend Cygnets to any one who needs specialist secure help."
