Supported Living Service in Wigan Central, Lancashire

Now taking referrals

We know how important it is for individuals to have the right support so they can live the life they want to live.

We support individuals with learning disabilities, autism, mental health needs and behaviours that challenge. Individuals are supported to hold their own tenancy agreement with a registered housing association. Individuals who are interested in living here may have previously been detained within a hospital setting and are ready for a step-down placement within their local community.

Male or Female

2 tenancies

18+ years

People we support:

- > Diagnosis of learning disability and / or autism
- > May have associated mental health needs
- > Behaviours that may challenge
- > Communication challenges

The service is a dual occupancy house with its own garden and good transport links to community facilities.

Offering experienced, trained staff twenty-four hours a day, the service benefits from a shared core staffing team.

Each tenant would be allocated an experienced and consistent staff team and training is bespoke to individual support needs which enables tenants to live as independently and safely as possible.

"I have lived at different facilities but this is the first place I truly call home. I have not had a mental health or drug relapse since moving to my own home thanks to Cygnets and the staff team have really supported me. The staff really care for you and at the same time help you live independently. I am feeling really positive about my future now thanks to the team here."

How we support individuals:

Helping people to **build relationships** and **access whatever community activities** they would like to take part in

Providing **person-centred practical help for individuals** - such as training and support on how to manage their home, their money, gardening, housework and healthy living

Helping individuals to **set goals as part of their support plan**

Working with individuals to **find out their strengths, abilities and preferences**

We **get to know the residents**, their families, carers advocates and other people who are important to them and their care and support

Working with individuals to **help them achieve their goals**
