

Improving lives together

Highly Specialised Personality Disorder Service for Women

**Knightstone Ward,
Cygnet Hospital Kewstoke**

Good

**Accepting
Referrals**

Knightstone Ward at Cygnet Hospital Kewstoke is our 15 bed highly specialised service providing assessment, treatment and rehabilitation for women with personality disorder and complex needs. We focus on developing emotional resilience, building self esteem, self reliance and self care. Our aim is to improve well being and coping skills towards a positive discharge to a community placement. We understand the impact of trauma and the need to help maintain a safe environment.

Through our care pathway at Knightstone Ward, we are able to help support and care for individuals who present with complex needs, including Emotionally Unstable Personality Disorder (EUPD). We place an emphasis on a culture of co-production at Knightstone Ward as well as service user and carer participation in each individuals pathway to recovery.

Knightstone Ward offers a full multi-disciplinary team (MDT) which is experienced and skilled in Eye Movement Desensitisation and Reprocessing (EMDR) model of therapy with a Dialectical Behaviour Therapy (DBT) informed approach. We are also able to offer a full DBT programme.

The service at a glance

Rehabilitation is provided in a therapeutic setting, with a level of support matched to individual needs. The aim of the treatment, rehabilitation and re-socialisation programme is to prepare the individuals in our care either for transfer to an environment of lesser security, or for a life in the community.

Our dedicated clinical teams provide a multi-disciplinary approach to rehabilitation, this may include building self-esteem and regaining work skills.

The Knightstone Ward multi-disciplinary team (MDT) includes a hospital manager, ward manager, consultant psychiatrist, clinical manager, psychologist, assistant psychologist, occupational therapist, responsible clinician, specialty doctor, team leaders and support workers, who all work in partnership with the individual, their friends and family, and home teams.
