Specialist PICU for Men

Beck Ward,
Cygnnet Joyce Parker Hospital,
Coventry

Accepting
Referrals

Beck Ward is our male PICU which accepts emergency and crisis admissions. Referrals come to us from all areas, including acute and prison services.

Our aim is a short, rapid intervention to help individuals regain a sense of control and order in their lives, so they can move to a less restrictive care setting and ultimately return home.

The service provides expert, intensive, short-term, individualised care for men detained under the Mental Health Act. Service users will present with increased risks that require them to be assessed and treated in a PICU environment.
