

Improving lives together

# Low Secure Mental Health Service for Men

East Hampton,  
Cygnnet Bury Hudson, North West

Accepting  
Referrals

East Hampton is Cygnnet Bury Hudson's 13 bed low secure service for men with mental illness which supports those experiencing complex mental illness and/or those with a diagnosis of personality disorder.

The service accept direct admissions from the community, from rehabilitation or acute services and from prison, however many people step down through the internal care pathway from the medium secure services offered at Cygnnet Bury Hudson.

Across all of our medium and low secure services, service users are supported by a dedicated multi-disciplinary team (MDT) who work with people to assess their needs and create a discharge pathway to the community.

Treatment is based on the principles of recovery including psychological therapies, occupational therapy, social therapy, physical healthcare and medication. Risk assessment tools are used and a clinical formulation is developed to inform the management plans for each patient.

Male

18+ years

13 beds
