## Our service at a glance

Hawkstone is split into 2 separate living areas, **Hawkstone House** and **Hawkstone Cottage**. Hawkstone House is set in a beautiful 19th century building that was originally the Duke of Devonshire's hunting lodge. The building is steeped in history and has a great deal of character including towers and a grand ornate entrance foyer.

**Hawkstone House** has 6 placements and numerous communal living areas including a lounge, conservatory, dining room, bathroom, kitchen and an activity room. Externally there is a large garden with a trampoline and a swing as well as a more secluded quiet part of the garden towards the rear of the grounds.

**Hawkstone Cottage** is modern and very homely with 4 en-suite bedrooms as well as a lounge, dining room, kitchen and a lovely seating area in front of the cottage surrounded by beautiful flower beds, making it a perfect location for afternoon tea.

Hawkstone is located in Keighley, which has an abundance of community facilities, fantastic nature walks and good transport links. The individuals are encouraged to be involved in the local community as much or as little as they wish to be.

In conjunction with the other local Cygnet residential services, we have some great projects that individuals can attend regularly including bakery, textiles and gardening work. These projects introduce vocational and learning activities designed to give the people we support the opportunity to learn valuable skills and develop confidence.
