Broughton Lodge Marks 10 Years with Magical Disney-Themed Summer Party

Broughton Lodge, a specialist residential service for adults with autism and learning disabilities in Macclesfield, celebrated its 10th anniversary in style with a vibrant Disney-themed summer party, bringing together the people they support, their families, staff, and special guests.

Located on London Road, Oak Grove in Macclesfield, Broughton Lodge is part of the Cygnet Social Care division and provides a safe, comfortable, and supportive environment that promotes independence, self-advocacy, and community integration.

Over the past decade, the service has helped countless individuals develop skills, build confidence, and enjoy a better quality of life.

The anniversary event, attended by the Mayor of Cheshire East, David Edwardes, was filled with fun and laughter. Guests enjoyed a BBQ, ice cream, bouncy castles, face painting, sensory activities, and the crowd-favourite "soak the manager" game. The celebrations provided an opportunity for everyone to reflect on the service's achievements and create joyful new memories.

Emma McEvoy, Manager at Broughton Lodge, said: "This milestone is a testament to the dedication and passion of our staff, the resilience and achievements of the people we support, and the unwavering encouragement from families and our local community. We've spent ten years building an environment where people can truly thrive and this celebration was about honouring that journey. Here's to the next decade of making a difference.

"It was wonderful to welcome so many guests to our Cygnet Social Care service to celebrate with us. As the service looks to the future, the team is excited to continue enhancing opportunities for the people in our care."

Broughton Lodge is part of Cygnet Social Care and provides specialist residential support for adults with autism and learning disabilities.
