Tabley House Hosts Summer Garden Party

A nursing home in Cheshire recently held a summer garden party for residents, staff and families.

Located on Tabley Lane in Knutsford, Tabley House Nursing Home is a 51-bed service based in an 18th century country house in the Cheshire countryside, part of Cygnet's Social Care division.

The garden party took place on 30 July and saw families and friends of residents enjoy time in the sunshine with their loved ones.

Deborah Jones, Home Manager at the Cygnet Social Care service, said: "It was a great day had by all and gave us the opportunity to say thank you to all of those that support us at Tabley House. It also gave us the chance to really meet the people that are so important to our residents."

Staff provided a barbeque for attendees as well as mocktails and a selection of cakes to enjoy whilst listening to music. The garden was set up with bunting and table decorations and was complemented by a beautiful backdrop of the surrounding parklands.

Deborah said: "Our residents really enjoyed the garden party and the barbeque, especially the burgers and hotdogs. It was brilliant that our residents were able to sit in the sunshine with a beautiful backdrop and some gentle music, whilst enjoying the company of their loved ones.

"The whole team at Tabley House attended to support those who didn't have visitors and ensured that they enjoyed the day just as much as others. Days like this are really important to us and our residents. We already can't wait for next year's event."
