Our team

We have a highly-experienced staff team including nurses, healthcare assistants, domestic and catering staff, activities co-ordinators and maintenance staff. Everyone works together to ensure Tabley House provide the best environment and experience for each individual.

Over one third of our staff have been a part of the Tabley Family for over ten years.

Deborah Jones - Home Manager

Deborah joined Tabley House in the summer of 2024, bringing over 30 years' experience in the health and social care sector. She believes that a career in care was her calling, as she is passionate about making a difference to others' lives.

Prior to being a manager in the Older persons sector, Deborah worked both within the mental health and learning disability sectors. She began her career as a Care Assistant in 1987, supporting adults with mental health conditions and then after qualifying as a Registered General Nurse, worked for over 20 years supporting adults with a learning disability.

Deborah feels that taking up a position at Tabley House is an exciting opportunity to lead a team of committed and caring staff members who share the same vision.

Outside of work, Deborah loves to travel and has had the pleasure of travelling both far and near, with her favourite destination currently being Cambodia. She has three grown-up sons and three grandchildren who take up lots of her time - as well as five labradors!

Elegant dining rooms and lounges to sit, relax and enjoy visits from family and friends.

What can Tabley House offer?

We don't believe in standardised care - we provide what each individual needs and wants. If you're not sure about committing to longer-term care, you can try us out on a shorter stay.

Where someone may be frail or need post-operative and convalescent care, our highly trained and friendly teams of nurses and care professionals will ensure each individual's medical and care needs are met. When an individual is moving towards the end of their care journey, we offer **empathetic and sensitive palliative care**, focusing on their needs and wants, whilst supporting their loved ones. We work closely with local hospices to ensure residents are appropriately and sensitively supported.

As well as first-class healthcare, Tabley House also offers:

Delicious menus, **personalised to each individual's tastes** and needs and served to the table. Meals can also be served in resident's rooms

Fun visits to **local attractions** and **social events**

Services to support **self-care**, including a **hairdresser** who can cut hair within the home

Healthcare support, including **chiropody** and **physiotherapy**

End-of-life care

We firmly believe that everyone deserves dignity and respect as they approach the end of their life. We provide compassionate and sensitive end-of-life care at Tabley House.

We recognise that as someone is nearing the end of their life, it can involve very intense feelings for both the resident and their loved ones. At Tabley House we have dedicated end-of-life facilities to allow families to stay, enabling them to **spend those precious last moments together**.

All staff at Tabley House have a duty of care and are responsible for:

- Recognising that someone is nearing the end of their life in the next few days or hours and communicate the decisions and actions that are to be taken
- Communicating with everyone involved, including the resident, their friends and family and also the rest of the staff team
- Involving the resident and those who have been identified as important to them, in decisions regarding their care and treatment
- Supporting the needs of the family and friends
- Providing a compassionate individualised care plan which addresses:
 - Food and drink
 - Symptom control
 - Psychosocial needs
 - Spiritual needs

When you or someone you love are nearing the end-of-life, you deserve the best possible standard of care, which means high quality, reliable and consistent support.

All staff at Tabley House need to know the end-of-life standards of care, whether they are a housekeeper, chef, administrator, maintenance or part of the nursing and care team.

Filled with elegant and unique furnishings to create a calm and serene environment, enriching the quality of your loved ones stay.

A stunning location in the Cheshire countryside, set in acres of parklands. Surrounded by nature and floral landscapes.

Life at Tabley House

We know there are lots of questions about Tabley House that you might want to ask.

Here's some of the most common:

What are the rooms like?

Every room at Tabley House is different and has its own unique character, enhanced by each individual's personal possessions and decorations. All rooms are beautifully and comfortably furnished. We have flexible spaces available for those who would like to share with a friend or loved one, as well as a range of single rooms.

When can family and friends visit?

There is a real family feel at Tabley House and we encourage visitors. We do have some protected times for meals, so residents can enjoy their meal fully, however visitors are welcomed any other time during the day. We love for families and friends to take part in all aspects of life here at Tabley House.

What is there to do?

Residents are supported to do as much or as little as they would like and are key to choosing the activities and events that are offered. We'll speak to individuals, their families and friends to develop a plan for care and this will look at their health and care needs alongside hobbies, personal preferences and how they like to spend their time and structure their day. This helps us make sure we're offering the best possible care and support.

We have expert recreational therapists who organise things residents enjoy, such as crafts, art, games, shopping and many others. We also have visiting professionals who offer demonstrations, musical entertainment and more.

Would someone have to move if their health needs increased?

We can support individuals right through their care journey and ensure their needs are met with dignity, respect and empathy.

We are happy to come and meet with someone who is thinking of moving to us so that we can assess their requirements to ensure we can meet their needs.

What are the meals like?

A range of delicious menus are available at Tabley House. Freshly prepared and nutritious, meals are served in our bright and airy dining room by waitresses. Menus include warming favourites as well as lighter snacks.

Our head chef meets with the residents when they first come to Tabley to find out what they like and also holds residents meetings on a regular basis to ensure the menus cover the types of food that residents enjoy. We can cater for all dietary preferences and requirements.

Refreshments, including tea and coffee are available throughout the day.

The history of Tabley House

Tabley House was **designed in 1760** by the architect John Carr of York and is now a Grade 1 listed building and the only 18th century Palladian country house in Cheshire.

Tabley House was originally the home of the Leicester family who lived in the area of Nether Tabley for over **700 years**. The house was a centre piece of the estate which originally covered **6,000 acres**.

The last member of the Leicester family to own Tabley House was Lieutenant Colonel John Leicester Warren who died in 1975.

In 1976 the estate, the House and its collection of paintings, furniture and memorabilia were eventually taken on by the University of Manchester.

In the early 1990's Cygnet in collaboration with Manchester University re-modelled Tabley House. It was a unique joint venture of a stately home being converted into a nursing home whilst retaining many of the historic artefacts in the museum.

Feedback and Compliments

We are so grateful for the support and respect that was shown to Dad and for kindly welcoming us to the Tabley House family. We can't recommend Tabley House highly enough. Thank you so much.

All of the staff at Tabley House Nursing Home personify caring!

There is a wonderful homely atmosphere at whatever time you visit. Mixed with laughter, kindness, and encouragement. The staff are completely receptive to the resident's needs. Everyone is treated as an individual, with care, support, and dignity, and I would like to thank the manager and all of her staff for their hard work, commitment, and professionalism.

- Family member

Dad recently passed away at Tabley House and I cannot thank the staff enough for their exceptional care and kindness, not only for Dad but for his whole family. We were made to feel totally welcome and supported 24 hrs a day, the endless cups of tea, sandwiches and cakes to keep us going. The staff just seemed to know the right thing to say and when to say it. We were all a part of the decision-making process including Dad, which meant so much to us all.

- Family Member

The home has provided a wonderful level of professional care that has given Dad the feeling of safety and security, along with giving him encouragement to make choices and live his life at his own pace. This is "The Best of Care" and we are very grateful to everyone for their hard work and dedication.

- Family member

Thank you to every one of the staff at Tabley House for the caring and kindness you gave me during my stay. I miss you all dreadfully and will never forget any of you. If I need help in the future, Tabley is the only place I would wish to be.
